- Tickets are non-transferable
- You can always change dates but you may have an increase in payment required if that new dates ticket prices are more.
- Only when booking through you will client get Early Park Entry vs 3rd parties.

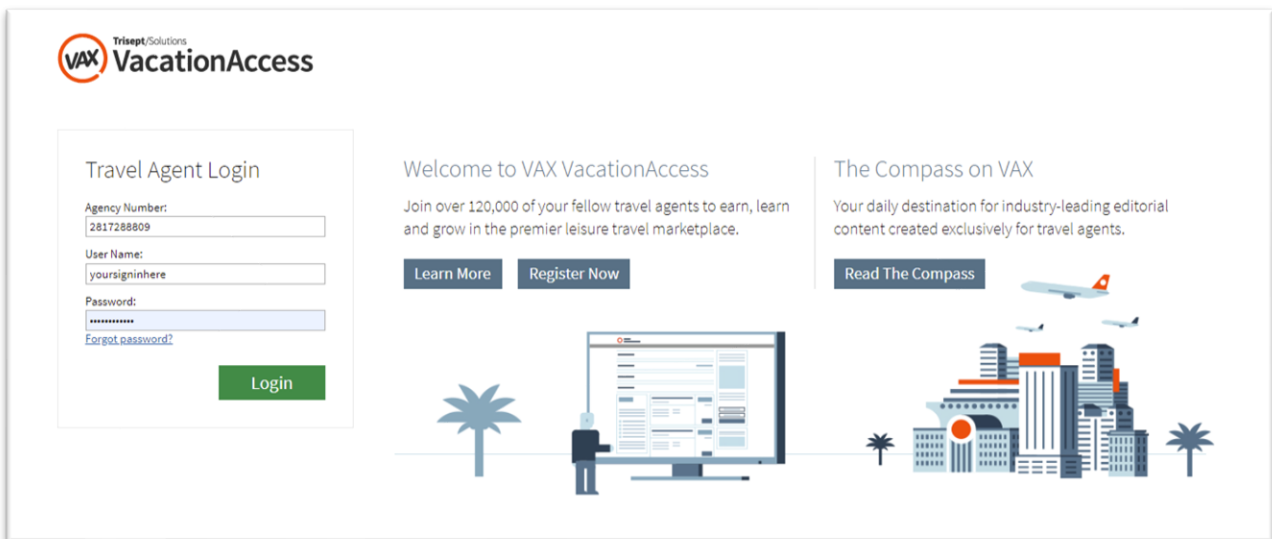

Please note the following:

- Prices change so you want to book your clients tickets as early as possible.
- Tickets prices are date specific so be sure you are quoting them the exact park days on the exact dates they wish to go.
- When entering into TESS please use the date of travel because Universal will not pay out until client travels.
- 1-2 day tickets: Universal pays out commissions for ticket purchase 1-2 days as long as the tickets included Park to Park.
